

# SUMESH K SUNDARAN

Senior UI Developer | Front-End Developer

+91 8075924199 [sumeshmon2006@gmail.com](mailto:sumeshmon2006@gmail.com) <https://sumeshmon.github.io>

## PROFESSIONAL SUMMARY

Senior UI Developer and aspiring Team Lead with 12+ years of experience building high-performance, accessible, and scalable front-end applications. Specialized in Svelte/SvelteKit, modern JavaScript, WCAG accessibility, and enterprise-grade Investor Relations (IR) platforms. Proven ability to guide teams, modernize legacy systems, optimize Core Web Vitals, and deliver pixel-perfect, multilingual, responsive websites for Fortune 500 and European-listed companies. Seeking a Team Lead / Senior UI Developer position, with a strong preference for Team Lead responsibilities.

## EXPERIENCE

2015 - Present

EQS Web Technologies,  
Kochi, Kerala

### Senior UI Developer

- Designed, developed, and maintained a scalable Svelte component library used across 20+ global Investor Relations (IR) portals.
- Led migration of legacy UI systems to Svelte/SvelteKit, reducing development time by 40%.
- Improved Core Web Vitals and overall performance by 30–40% through code optimization, lazy loading, and image optimization.
- Implemented WCAG 2.1 AA standards—reduced accessibility errors by 95%+ using semantic HTML and ARIA.
- Delivered multilingual, responsive IR portals and annual report microsites for Fortune 500 and European-listed companies.
- Streamlined front-end workflows using reusable components and optimized Git branching strategies.
- Collaborated closely with backend/API teams, improving code quality and reducing rework.
- Acted as UI owner for enterprise projects, ensuring consistent delivery and client satisfaction.
- Mentored junior developers in Svelte, performance optimization, and accessibility compliance.

2013 – 2015

Innova Technologies,  
Sewri, Mumbai

### Senior UI Developer & Project Lead

- Developed responsive websites using HTML5, CSS3, JavaScript, jQuery, and Bootstrap.
- Built custom templates for Business Catalyst and WordPress platforms.
- Conducted extensive cross-device QA on iPad, iPhone, Samsung, Nexus.
- Led UI project delivery ensuring quality, performance, and browser compatibility.

2007 – 2013

Bloomberg UTV,  
Worli, Mumbai

### Sr. UI Engineer

- Built microsites and portals using HTML, CSS, JavaScript, and jQuery.
- Delivered UI for major shows including Market Guru, The Pitch, Autocar, The Assignment.
